Dr. Alexander On Dr. Couey: 'Hero, Brilliant, Very Compassionate'

Covid1984 seems almost forgotten. The Ukraine proxy war followed. Now The Epstein Class furthers the Greater Israel project as the same creatures spread chaos like a virus left, right and centre.

I know, Trump seems to have gone into full Zionist nutter mode, who cares about old covid1984 dramas? But, I had to produce some artworks around Dr. Couey's sentences. We describe stories and events as going viral. Is viral purely a psychological concept or is there such a physical particle as a biological virus? The Bailey's, Drs. Cowan, Kaufman and even it seems Yeadon, say there is no proof that viruses exist. Ivor Cummins says there's no definitive evidence for their non-existence. Ryan Dawson, I propose a specialist on 9/11 and The Epstein Class, calls virus-deniers as he does Pentagon plane deniers, kooks. I discovered Dr. Jonathan Jay Couey via Dr. Paul Alexander at a time when Dr. Couey revered Dr. Mike Yeadon as 'Mr. Sparkle'. Today Dr. Couey is less than enamoured with Yeadon who views Couey as 'rather abrasive'. Dr. Couey was a paid consultant on RFK Jr.'s book The Wuhan Cover-Up, only to conclude, probably to RFK Jr.'s chagrin, that there was no viral pandemic that sprung from a 'mud puddle' in Wuhan. He inspired my 'Lab Leek'. I asked Dr. Couey on Twitter X:
'Dear @jjcouey,
This chap @alrightyman insists you have declared there is no such thing as a virus.
I've told him I doubt that; that it's a more nuanced issue.
If I'm mistaken, please confirm he's correct & I'm not.'

To my pleasant surprise, I received a response.
'**There are transmitted particles with DNA or RNA.**
All known life forms on earth emit these signals.
They are not pathogens independent of their source.
The idea of a virus is wholly incorrect, but there are little balls with stuff in them.'

I'm tempted to say, 'Well, that's as clear as mud!'
I'd love to probe further and determine in my own mind and imagination the answer, but these few sentences were breadcrumbs gratefully received. I'd be interested in producing an illustrated book to 'teach' children and adults alike true biology as best we can, but for now, I scribble, dibble and dabble.

British GOO: Government Of Occupation.
I suspect the ages old British establishment that has long occupied England, was involved from there in Wuhan all the way back to here in London. Are DNA and RNA real physical molecular particles or suppositions from the lab? Dr. Couey has for some time stated 'RNA cannot pandemic' and:

I don't understand. What's the source? If a particle leaves its source, it is no longer harmful to a human?

Covid1984 was a psychological fear campaign. I suspect we would not have been aware of a national health emergency had it not been insisted that there was one. The threat of Russia is sold using psychological techniques to create fear of the ever-threatening Russians. We were told babies were beheaded and cooked in ovens 07 Oct. 2023 to justify the mass slaughter of Palestinians as Israel 'defends' itself. Trump told us The Epstein Class is a mere Democrat hoax and is being removed from the front pages as Israel and the US assault Iran to 'save' us all from the supposed 'terror state'. Pandemics of fear and loathing just keep on coming. Perhaps 'viral' is merely an idea rather than a physical particle reality.
